# Introduction to the *Chaska* Resident's Guide

**W**elcome to the 2008-2009 Chaska Resident's Guide. This Chaska Herald publication is a comprehensive directory of information and resources used by Chaska businesses and residents, especially those who are new to this area.

The Resident's Guide is a compilation of valuable information — one source for local services, names, telephone numbers and e-mail addresses. Keep it handy; use it often.

Our apologies in advance for omissions or for changes that occur after publication. The challenge in publishing this Resident's Guide is not only collecting accurate and important information, but keeping that information current in one of the Twin Cities' fastest-growing areas.

If you are interested in obtaining additional copies of this publication, call our Circulation Department at 952-345-6682. The Resident's Guide is also available on the Web at [www.chaskaherald.com](http://www.chaskaherald.com). For additional information or to submit corrections, call Crystal Zvanovec at 952-445-3333 or send an e-mail to [crystal@swpub.com](mailto:crystal@swpub.com).

## The 'Best Small Town in Minnesota'

An historic city on the Minnesota River, Chaska is one of the fastest-growing communities of the southwest suburban area. Just 20 years ago, it was a quiet little town of less than 5,000 people. Fast-forward to 2008 where, today, its population is more than four times that number — yet Chaska remains a quality small town.

Praising Chaska for its quality jobs, education system, diverse population and strong sense of community, Money Magazine named Chaska as the 8th best small town in the United States in its August 2007 issue. Chaska ranked highest of any Minnesota city on the magazine's top 100 list, and was the only community in the state to be included in the top 10. This Money Magazine recognition reinforces Chaska mission of being "The Best Small Town in Minnesota."

Chaska is not a bedroom community. It maintains a strong, diversified light-industry base, with more than 12,000 jobs available within the city. Attracting and preserving high quality jobs is a priority of the city and is consistent with its long-term vision of being a place for residents to both live and work.

Despite its recent growth, Chaska retains its small town image. The image of a caring and active community, where people meet and greet each other on the street, continues to be fostered even as the population grows.

Established in 1851, Chaska has a core historic downtown which serves as a focal point for both commercial development and social activities. Those who live in Chaska continue to enjoy ice cream socials and band concerts in City Square Park. These and other activities are designed to strengthen the community and support shared community values.

In addition, Chaska has an award-winning community center. It serves as a gathering place for people of all ages and with all interests. The center — which was most recently expanded with the addition of The Lodge for Active Older Adults in 2007— also houses a gallery and theater, a swimming pool, fitness center and several amenities including an on-site café.

Outdoor recreation enthusiasts enjoy the community's miles of trails, acres of parks, two swimming beaches and a new disc golf course. Chaska also has an extensive year-round recreation program for children and adults, including seniors.

For those who are seeking a "wired" community, the City of Chaska was the first city in the country to roll out a city-wide high-speed WiFi service when it created chaska.net. The high-speed, low-cost service helps Chaska meet one of its core strategies — to be a connected community.

Finally, Chaska is home to Hazeltine National Golf Club, site of several major golfing tournaments for men, women and seniors, including the 1991 U.S. Men's Open and the 2002 PGA Championship. Chaska Town Course, a city-owned public golf course designed by nationally prominent Arthur Hills Jr., opened in 1997. It has routinely received high ratings in both state and national publications. The Town Course co-hosted — with Hazeltine National — the 2006 U.S. Amateur Championship, bringing hundreds of golfers and visitors to the community. Hazeltine continues to host major golf tournaments, with the PGA Championship coming back in 2009 and the Ryder Cup scheduled to be in Chaska in 2016.

Guardian Angels Catholic Church celebrates its 150th anniversary in 2008.

The mayor and four council members serve as the Chaska City Council. The position of mayor is elected at large (citywide) every two years. Council members are elected to four-year terms, with two seats up each election. Chaska has a ward form of government, therefore each council member is elected by the voters in his or her ward. Chaska City Council elections are held concurrently with the state and federal general elections.

Chaska Police Officer Kyle Gibbons (left) and Sgt. Joe Carlson go for a spin on their patrol bikes in front of Chaska City Hall.

**Chaska Police Department**

Administration.....952-448-4200

Chaska has 23 police officers in a 29-member department. In addition, the 110-member Carver County Sheriff's Office is headquartered in Chaska. Scott Knight serves as Chaska's Chief of Police.

**Party Wagon**  
Chaska provides a party wagon for use when neighbors plan a block party. The wagon includes barricades, games and other appropriate equipment. It is delivered to the site on Friday and picked up Monday morning. For more information, call the Chaska Community Center.

**Lost Pets**  
Animal Control.....952-361-1231  
or Impound .....952-894-9065

The city animal control officer has a list of pets that have been impounded. Call to check if your lost pet is on the list. See also Dog Licenses under City Ordinances.

**chaska.net**

Residential Wireless Internet..... 952-227-4638

The City of Chaska provides high speed, wireless Internet access to its residents through chaska.net. For \$16.99 per month (including the necessary equipment and no long-term contract required), residents can purchase chaska.net service and be billed directly via their utility bills.

**City Ordinances**

**Winter Parking**  
Chaska follows a calendar parking schedule for on-street parking during the winter. The ordinance applies to all public parking-streets, alleys, parking lots. From Nov. 1 to April 1, whenever enough snow accumulates to require plowing, vehicles must park on the even-numbered side of the street on even-numbered days of the month; and on the odd-numbered side of the street on odd-numbered days. For residents' convenience, the city counts the day as beginning at 8 a.m.

**Snowmobile Operation**.....952-448-4200

A snowmobile trail through the city has been designated. Non-residents must stay on the trail. Residents must take the most direct, non-prohibited route to and from the trail. Other restrictions involve speed and hours.

The new Highway 212 opened to Carver in July with a ribbon-cutting ceremony. Pictured are (left to right): Bob Lindall, city councilor and Southwest Corridor Transportation Coalition president; Dwayne Wilson, Industrial & Infrastructure Group Fluor president; Thomas Sorel, MnDOT commissioner; Lt. Gov. Carol Molnau; Chaska Mayor Gary Van Eyll; Carver County Commissioner Jim Ische; and Scott Risley, ZRC project manager.

**Chaska Fire Department**

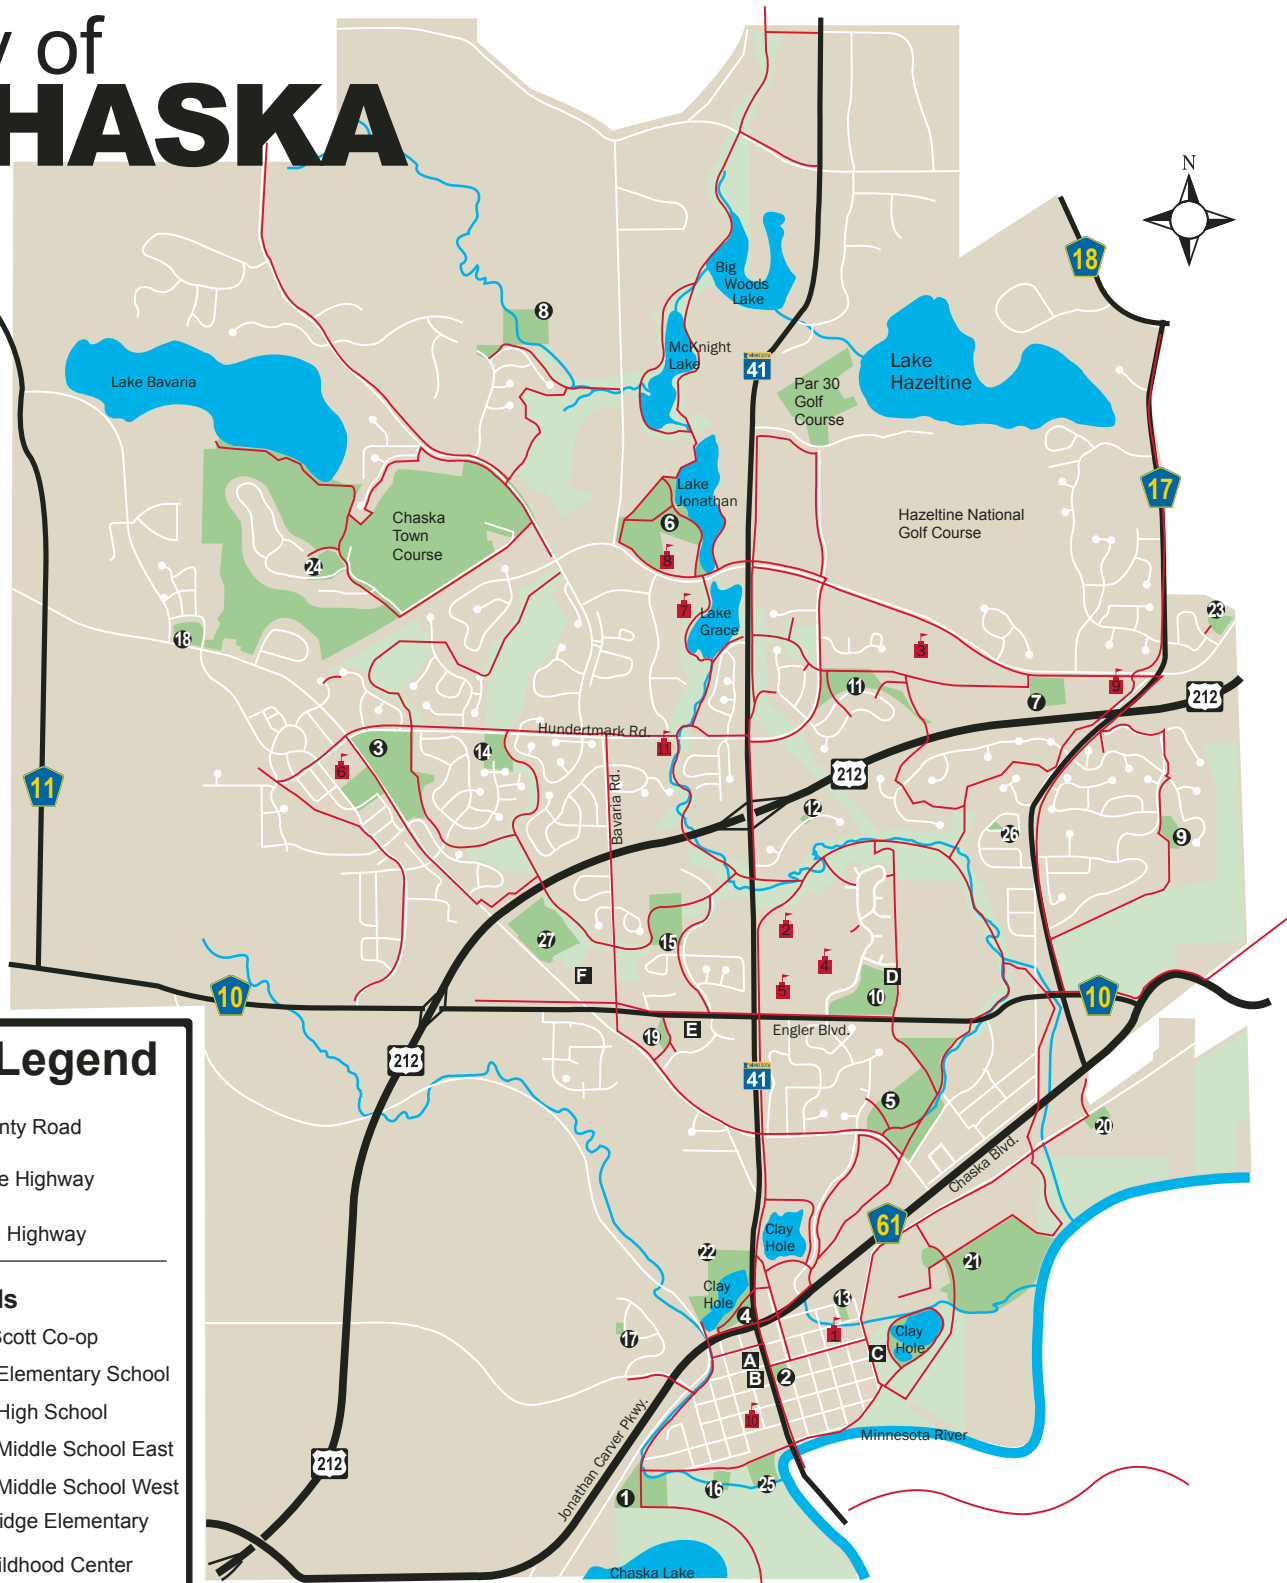

Chaska is served by a 40-plus member volunteer fire department, which includes a first responder and advanced life support ambulance team. The city has a "6" insurance rating.

Top **10** Best Places to Live  
**CHASKA** Money Magazine 2007

And we continue to get

**BETTER** EVERY YEAR

HERE ARE A FEW REASONS WHY...

- Great Golf
- Chaska Parks & Trails System
- Chaska Community Center
- Community Celebrations
- Housing Choices
- Great Schools
- Safe Community
- Great Jobs
- History

**CITY OF CHASKA**

Money Magazine ranked Chaska No. 8 on its top 100 "Best Places to Live" list in its August 2007 edition. Rankings were based on several criteria, including: jobs and the economy; housing affordability; ease of living; leisure and arts; education; safety; and diversity.

Ashley O'Dell of Chaska and her Yorkshire terrier, Ally, were pretty in pink at the Carver-Scott Humane Society walk.

*Continued from page 15*

**Nuisance Control  
Noise/Odor Ordinance**

There is a noise ordinance prohibiting loud, unnecessary or unusual noises that annoy, disturb, injure or endanger the comfort, repose, health, peace, safety or welfare of others. The ordinance also prohibits offensive odors.

**Alarm Systems**

When alarm systems are installed, certain requirements must be met. No alarm systems, except those for financial institutions and public buildings, may be connected directly to the county public safety communications center. Neither may a system have an automatic dialer that dials directly into the center. To assure both proper installation and maintenance, there is a penalty fee for false alarms.

**Summer Lawn Watering** .....952-448-9200

The City of Chaska has an ordinance regarding water usage effective May 1-Sept. 30. Compliance is based on an odd-even cycle of watering. You are required to limit your lawn sprinkling and other non-essential water use based on your address and the calendar day of the month. Even-numbered addresses water on even numbered calendar days; odd-numbered addresses sprinkle on odd numbered days.

Compliance with this ordinance is mandatory. Failure to comply may result in a \$100 per day fine and/or termination of water service. New seed or sod is exempt from the ordinance until it becomes established.

Commercial, industrial and residential automated irrigation systems are required to follow the same guidelines.

**Licenses & Permits**

John Edberg, Building Official  
Chaska City Hall .....952-448-9200

Building permits are required for most projects including decks and privacy fences. There are exceptions which include: one-story tool sheds and playhouses not over 120 square feet, fences not over 6 feet, retaining walls not over 4 feet, window awnings, prefabricated pools above ground holding no more than 5,000 gallons, and painting, wallpapering and similar finish work.

**Apartment Licenses**

Kevin Gravalin, Fire Marshal  
Chaska City Hall .....952-448-9200

Chaska has a program for licensing all rental units for health and safety issues. Licenses must be prominently displayed and are valid for one year. Tenants and landlords who want to know more about the program should call for information.

**Dog Licenses**

Chaska City Hall .....952-448-9200

Dogs that are six months old or older must be licensed. The owner must provide documentation that the dog has been vaccinated against rabies within a year of the license application.

Many rabies vaccinations have a two-year life. Chaska dog owners may purchase a half, one- or two-year license. Currently, the fee is \$9 for a half year (after June 30), \$18 for one year and \$30 for two years. There is no discount for neutered animals.

Dogs may not run at large and must wear their licenses. Dogs not meeting city requirements may be impounded. Animal waste by ordinance must be picked up.

Cats are not regulated.

**Solicitors' Licenses**

Margo Steffel .....952-448-9200

Soliciting within our community requires a permit. Contact city hall to make an application. The fee is \$35 per person and the application must be approved by the city council.

Solicitors are required to carry their permit. Residents are encouraged to ask to see a solicitor's permit. Contact the Chaska Police Department at 448-4200 if you are approached by someone who is unable to produce a permit, or a solicitor with a permit who makes you feel uncomfortable.

Chaska has other license and permit requirements. Only the most commonly used have been published here and are current as of Sept. 1, 2008. For more information, call the city at 952-448-9200.

The new Highway 212 quickly connects east-west commuters to the metro.

## Household Hazardous Waste

Disposal Information  
**Carver County Environmental Center** ..... 952-361-1835  
**MN Pollution Control Agency** ..... 651-296-6300

Household hazardous waste must be disposed of properly to avoid endangering health and contaminating ground water.

These wastes include: solvents, household cleaners, pesticides, paint, wood preservatives, aerosols, batteries, automotive oil and antifreeze. The best way to handle the waste—except those that are banned—is to use it or give it to someone who will. If these options are not available to you, please contact the county for collection information.

Sellers of automotive products may take used automotive wastes, perhaps for a fee. Check before bringing the waste in.

The Metropolitan Council is the regional planning organization for the seven-county Twin Cities area. The council advocates for vital communities and a competitive region. It runs the regional bus system, collects and treats wastewater and manages water resources preservation, plans regional parks and administers funds that provide housing opportunities for low- and moderate-income individuals and families.

The council serves the metropolitan counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington. The region encompasses 189 cities and townships and a population of 2.6 million. It is divided into 16 districts. The governor appoints a representative for each, as well as the council chairperson.

The council's Web site provides information about the region and regional services. The Data Center has current data on aviation, demographics, the economy, housing, land use, parks and open space, transportation, and water quality and supply. Forecasts of population, employment and households are available, as are city and township data, regional plans and water resources, and transportation information. Visit [www.metrocouncil.org](http://www.metrocouncil.org) or contact the data center via e-mail at [data.center@metc.state.mn.us](mailto:data.center@metc.state.mn.us).

## Elections

### Voter registration

You must be registered to vote. If you have changed your name or address since registering, you must complete a new registration card. By registering prior to election day, your name and address will appear on the polling place roster.

An individual may register any time before the 20th day preceding any election, on election day at the polling locations or when submitting an absentee ballot.

Registration cards are available at city and township offices, libraries and the county auditor's office. If you changed your address, you may register to vote when you change your driver's license.

To register on election day you must have a State of Minnesota recognized identification showing your present address on it.

**David Jennings, Superintendent**.....952-556-6110

Independent School District 112 is a rapidly growing school system currently serving approximately 8,700 students in Chaska, Chanhassen, Carver and Victoria. The district includes a Kindergarten Center, seven elementary schools (1-5), two middle schools (6-8), a 9th grade center and a high school (10-12). All-day kindergarten is available in four elementary schools. A second high school, located in Chanhassen, is currently under construction and scheduled to open in the fall of 2009.

The elementary schools emphasize basic skills. Students and teachers work with newly strengthened curriculum in math, reading, language arts and science. Each school has specialists working in the areas of special education, art, music and physical education. The middle schools balance continued emphasis on basic skills with exploration of new interests. Students meet daily in small groups with an adviser and each student is part of a "family" of teachers and students for core subjects. Club Mid provides a variety of after school activities for middle level students.

Chaska High School is a Class AA high school in the Lake Conference. It offers comprehensive programs for students bound for college, vocational schools or the job market. Four 90-minute periods permit students to take more classes during a single year. Chaska High offers Advanced Placement classes for students who want to earn college credit while in high school.

# Parks

## City Parks

The City of Chaska has a combination of community playfields, community parks, neighborhood parks and tot lots to serve all of its residents. More than 1,000 acres of public open space exists, of which approximately 600 acres are developed parkland. Request a Chaska parks map by calling the Chaska Parks and Recreation Department at 952-448-3176.

The Parks and Trails system development is one of the responsibilities of the Chaska Park Board, which serves in a volunteer advisory capacity to the Chaska City Council. The Park Board meets the second Monday of each month at the Chaska Community Center.

The Jonathan Association maintains Lake Grace Park and other open space and the U.S. Fish and Wildlife Service and Minnesota Department of Natural Resources (DNR) own or manage areas along the Minnesota River.

### Other Local Parks

The DNR also manages the Courthouse Lake, located behind the Carver County Courthouse. The Jonathan Association operates Lake Grace Park, off Village Road.

### Trails

The City of Chaska has more than 40 miles of trails. The trail system is a combination of hard-surfaced off-road walkways and pedestrian friendly ravine-system trails that cover the majority of the community. The municipal trail system is complemented by the Minnesota DNR trail system on the Minnesota River and the U.S. Fish and Wildlife trail, going from Athletic Park in Chaska to the City of Carver. For a City of Chaska trails map, contact the Chaska Parks and Recreation Department at 952-448-3176.

In addition, the Jonathan Association maintains its own trail system. Two nearby abandoned rail lines have been turned into trails, one — the former Chicago-Northwestern line — starts at the eastern edge of Chaska and continues through Chanhassen to Hopkins. A similar line starts in Victoria and ends in Hopkins.

**COMMUTE?**

Locate your business in your  
**COMMUNITY.**

If you spend valuable time day in and day out stuck in traffic, you've probably considered moving your business closer to the community where you live. There's one construction management company that is expert in the southwest metro area. One that gets to know you and your business. One that is flexible to meet your needs. That company is Eden Trace. We're the one with more than 20 years of experience helping companies like yours build their business from the ground up or get to the next million. Quality office space is available now, we can build to suit, or lease with options. Solutions that grow right along with your business. From a 4,000 square foot office to a 150,000 square foot complex. All this without the hassles of a long commute.

**Jeff Norling – Outset, Inc.**  
"We live here, it works well for us. Everything we need is right here. And Eden Trace has made it so easy. They understand our business. They have helped us grow into our new space as our company has grown. And they made sure we had the building we wanted. We can't wait for our move-in date! The only problem is that we have to move out of our current Eden Trace space."

**Ron Lehner – Total Automotive**  
"Our business is growing. Fast. We had 7,000 feet, and we needed more space. Fast. We chose to lease 20,000 feet at a property Eden Trace was in the process of building. We knew their work would be exceptional. We were able to design the floorplan to meet our needs and spec the finishes. If our business continues to grow, our option to buy the building will give us the room we need for the future."

**Bob Lamoreaux – Waytek, Inc.**  
"We were able to move in a lot earlier because Eden Trace is familiar with the local government approval process. And by making several expert construction recommendations, they saved us a lot of money—toss in a few energy saving ideas, too. Nearly all of our employees live in the area, so it's nice to work in the community where we live. A smooth process, saving time, saving money—this is what makes working with Eden Trace a pleasure."

**Build to suit • Lease with Options**

## Carver County Social Services

Many social service programs are provided by government. In most cases, federal, state and local funds are administered through county agencies. The following programs — many mandated, some locally initiated — are offered by Carver County Social Services, a department of the County of Carver. Many are available only to people who meet income criteria, but others are available on a sliding fee scale, while still others are available to any county resident. The programs are separated into four categories: Social Services; Mental Health Services; Financial Assistance; and Employment/Training.

Minnetonka, MN**

Chaska's Sean Bloomfield, left, and Colton Witte pose with the two canoes they used to complete their trip to Hudson Bay. They left downtown Chaska on April 28, and reached York Factory on Hudson Bay in less than 70 days. Their trip took them along the Minnesota River, Red River, Lake Winnipeg, Nelson River and finally the Hayes River.
